

# Asilbek Khamidullayev

My name is Bek, and I'm a product designer with three years of experience. I don't believe in design for the sake of design. I believe in solutions that bring in profit. What I'm most passionate about in my work is micro-interactions.

## Clique.app

Product Designer

Jan, 2025 – Currently working

Diamond District, New York, NY (remote)

- Improved chat interface **contrast ratio from 1.95 (WCAG Fail) to 11.72 (AAA)**, significantly enhancing readability and accessibility.
- Designed and implemented a **micro-interaction system** across core flows (chat, posting, reactions)
- Built a **Design system in Figma**, ensuring visual consistency across **50+ screens**.

## Abozor.uz

Product Designer

Mar, 2024 – Jan, 2025

Tashkent, Uzbekistan

- Led interaction design for Toyota's internal inventory platform, streamlining warehouse-to-technician workflows and minimizing part mismanagement.
- As **lead interaction designer**, I was responsible for redesigning Toyota Uzbekistan's internal inventory management platform
  - **Reduced product overload by 17%** by streamlining part request and technician handoff flows.
  - Built a modular design system from scratch, cutting UI inconsistencies and reducing handoff time

## Delever

Product Designer

Feb, 2023 – Mar, 2024

Tashkent, Uzbekistan

- As a product designer, I focused on designing customer-facing websites and platforms for major restaurant franchises, including **Maxway, Bready, Abokado**, and **Pizza Hut**.
- **Led design for Maxway's in-store ordering kiosk**, enabling an additional income stream and generating **4K+ monthly orders** post-launch (out of ~35K total).
  - Conducted **in-person usability testing** with 10 users and integrated feedback into a refined kiosk flow.
  - Created a seamless touch UI optimized for speed and clarity at high-volume locations.
  - **Delivered branded website templates** used by multiple restaurant clients, accelerating launch time and design consistency across 10+ businesses.
